MOOD: ??? confused

This morning in yoga class, the instructor said, "They seem to have taken out the stereo you could plug your iPod into, so I brought some old mix CDs. I have no idea if they work or what is on them."

Third tune on the first one was the theme from *The X-Files*.

Creepy.

This looks like a
good idea.

...

This.

...

Little guy's not
bad.

Gotta teach RHex
to smear.
